

SERIOUS MONITORING

INTRODUCING
THE NEW
PM SERIES

PM SERIES PLANTER MONITORS

For world-class precision, look to the PM Series of planter monitors, with three models for incredible versatility.

We're serious about monitoring.

PM300/400/500

Seed monitoring and population count for 36/16 rows

Ground speed readout, acre count, and accessory monitoring

Row scan and high/low population warnings
